

J25 MULTI SV1

Alcaline universal cleaning agent .

A liquid, medium-strength alkaline, mildly foaming cleaning agent for removing deposits, such as oil, grease, fine dirt and dust deposits etc. from alkali-resistant surfaces – multifunctional in use.

Effective against: Oil; Grease; Dirt; "Road Film" on vehicles

Field of use:

- **Car maintenance and repair shops:** to remove grease or oil during maintenance, as well as cleaning the exterior of vehicles.
- **Truck, train and bus repair and maintenance shops:** for degreasing engines and other components for maintenance, inspection or repair, as well as the exterior surfaces of these vehicles.
- **Industrial workshops:** for cleaning floors and handling equipment
- **Manufacturing plants:** for degreasing and cleaning metal and other parts before painting
- **Warehouses:** for removing grease and oil stains from floors
- **Restaurant Drive-Through lanes:** for removing grease and oil dropped by cars.

Product benefits:

- Efficient cleaning operations because the stronger solution works quickly to remove soiling.
- Lower equipment maintenance costs because the product contains anti-corrosion and anticalcification components.
- Safer to use because of the high degree of Biodegradability
- Can be used with water recycling systems.
- Suitable for use in foodstuffs industries (Labor Dr. Boehm, Munich)

Application:

- **High Pressure Washers:** Dilute between 1:20 (5%) and 1:10 (10%) to use with machine detergent injection systems.
- **Floor Care machines:** Dilute between 1:20 (5%) and 1:10 (10%) depending upon the degree of soiling.
- **Pre-spray application:** Dilute between 1:100 (1%) for minor cleanup, and 1:10 (10%) for heavy soiling cleanup.
- **Hand Cleaning methods:** Use with a sponge or brush and skin protection, diluted between 1:100 (1%) and 1:10 (10%) as the soiling requires.
- **Do not use on hot painted surfaces, and never let the product dry on the surface being cleaned.**

pH value: 9,5 (1% solution)

Order data: 4 x 2.5 l – Item. No. 105301651; 10 l – Item. No. 105301649; 25 L – Item. No. 105301650; 220 kg – Item. No. 105301648
